Nairobi

## Summary

I am a self-driven, ambitious, innovative Information Technology Professional. Experienced in providing client-focused IT support and in successfully analyzing and resolving IT hardware and software problems in a timely and accurate manner. Highly focused with a comprehensive understanding of designing, developing, and maintaining systems and components to required specifications, focusing on the economy, safety, reliability, quality, and sustainability. I am looking forward to work in a dynamic and challenging environment that will enable me to utilize my strengths in interpersonal skills, excel and contribute towards the organization's growth and development.
